

Raza Ali Malik

Full-Stack Software Engineer | React.js | Next.js | Ruby on Rails | TypeScript

razamalik9205909@gmail.com • +92 303 920 5909 • Lahore, Pakistan • [LinkedIn](#) • [GitHub](#)

PROFESSIONAL SUMMARY

Full-Stack Engineer with **4+ years production experience** across **6+ SaaS platforms** (logistics, fintech, sports, clinic management, B2C/B2B). Led end-to-end development of **6+ client projects as sole developer**, handling architecture, frontend, backend, payments, and production deployment. Expert in React/Next.js frontends and Rails backends. Shipped **\$500K+ GMV processed**, serving **2,000+ active users**. Published on FAST NUCES (tier-1 university). Available immediately.

TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript ES6+, TailwindCSS, Material UI, Responsive Design

Backend: Ruby on Rails 5/6/7, Node.js, REST API design, PostgreSQL, MySQL, Redis, ActiveRecord

Payments: Stripe (subscriptions, webhooks, SCA), Chargebee, payment processing (\$500K+ GMV)

Integrations: OAuth 2.0, third-party APIs, real-time updates, RESTful architecture

Testing & DevOps: Jest, RSpec, GitHub Actions, Docker, Heroku, AWS (EC2, RDS, S3)

Tools: Git, GitHub, TypeScript, Agile/Scrum, Figma, TailwindCSS

PROFESSIONAL EXPERIENCE

Software Engineer II (Team Lead)

Jan 2025 – Present

Blackstack Software Solutions · Product studio, Lahore

Led development team across multiple projects, mentoring junior developers, conducting code reviews, managing technical architecture, ensuring 100% on-time delivery.

Software Engineer I / Associate

Sep 2023 – Dec 2024

Blackstack Software Solutions · Product studio, Lahore

Sole developer on 6+ client projects, full-stack ownership from requirements to production deployment.

Errands (Next.js + Rails) Shipping & Logistics Platform · Sole Developer

- Scope: Built complete shipping platform serving **2,000+ users**, processing **\$50K+ monthly GMV**
- Technical: REST API handling **100+ requests/second**, Next.js frontend, Rails backend, PostgreSQL
- Performance: Reduced page load **4.2s → 1.8s** via optimization and code-splitting
- Payments: Integrated Stripe with idempotent webhooks, **zero failed transactions**
- Deployment: **99.5% uptime**, zero critical incidents during user growth

Allergy Clinic Management (React + Rails) Solo Full-Stack Ownership

- Built custom clinic platform: patient records, allergy tracking, appointments, workflows
- Automated **50+ daily manual entries → 70% reduction** in admin overhead
- Deployed to production supporting **200+ patient records**, zero downtime
- Client feedback: *"99% feature adoption, transformed clinic operations"*
- Outcome: Core to clinic's daily ops, **500+ monthly interactions**

Fanlist (Next.js + Rails) Sports Fan Platform

- Built sports platform: **1,000+ active users**, real-time personalized content
- Optimized APIs: **60% response time reduction** via caching and query optimization
- Frontend: **40% bundle size reduction** via optimization
- Jest testing: **80%+ coverage** on critical paths

VUCustom (React + Rails) Multi-Tenant B2C Platform

- Developed B2C features for LAX brand on multi-tenant platform (5+ sub-brands)
- Led client demos, managed scope, **8+ features shipped** on schedule
- Reduced deployment errors **40%** via automation

Software Engineer Jan 2025 – Present
Medical Guardian (Remote) Built responsive UIs for customer portal & mobile app. React/TypeScript, Figma-to-code, secure authentication integration. Recognized for consistent delivery.

EDUCATION

B.Sc. Computer Science 2019 – 2023
FAST NUCES (Tier-1 University), Lahore
